### FAQ

**Q1.** What's the PTCOG Early Career Researchers (ECR) group all about?

**A1.** The ECR group is all about connecting and supporting students, postdocs, and young professionals working in particle therapy. It's a place to network, learn, and grow your career with help from others in the field.

**Q2.** Who can join the ECR activities?

**A2.** If you're a student, a postdoc, or within 10 years of finishing your highest degree and working in or around particle therapy, you're welcome to jump in!

**Q3.** What kind of support can I get as an ECR member?

**A3.** Lots! You'll have access to mentoring programs, career-building workshops, exclusive networking events, and chances to present your research and meet others doing exciting work.

**Q4.** How do I get involved?

**A4.** It's super easy – show up to ECR sessions at PTCOG events, sign up for mentoring programs, and keep an eye out for updates through PTCOG newsletters and emails.

**Q5.** Are there special events for ECRs at the PTCOG annual meeting?

**A5.** Definitely! The PTCOG annual has a bunch of sessions just for ECR – like mentoring meetups, workshops, and networking events designed to help you make connections and build your future.
